LIVE
LECTURE!

MORNING COURSE:

UP YOUR GAME: Making sense of technology and how to thrive with it in today's clinical practice!

With Dr. Chad Duplantis

The fast-paced digital world has taken a hold of dentistry. Our profession is beyond the "want" phase and has entered the "need" phase when it comes to incorporating digital technology into clinical practice. From the front to the back of the clinical setting, digital tools are a must for predictability, productivity and ultimately profitability. We will touch upon VOIP phones, intraoral scanning, CBCT, milling, 3D printing and much more.

- How to properly integrate digital technology into their everyday clinical practice for the entire team.
- Benefits of multifunctional technology and its role in dentistry.
- The use of various technology in the diagnostic examination and throughout the lifecycle of the patient in the practice.
- Getting your team excited about integrating new technology.
- The do's & don'ts regarding integration of new technologies into your practice.

AFTERNOON COURSE 1: Opioid Prescribing and Stewardship *With Dr. Lisa G. Marin*

This course is designed to provide the participant who has prescribing privileges in North Carolina, information regarding opioid prescribing, NC Controlled Substance Reporting System Registration and compliance and their stewardship in the battle against SUD and opioid use.

- Understand Post Operative Pain management is possible without the use of Opioid medication.
- Review the latest ADA guidelines for Acute Dental Pain in Adolescents and Adults.
- Know your limitations for Narcotic prescribing in cases of Acute Pain.
- Understand your obligation and registration with the NC Prescription Drug Monitoring System.
- Learn how to include patient counseling in post operative instruction to include the dangers of addiction and when and how to properly dispose of unused opioids to prevent abuse.

AFTERNOON COURSE 2: Substance Use Disorders, Mental Health, & Burnout (Mental Awareness) *With Dr. J. William "Bill" Claytor*

This 1-hour course will fulfill the NC State Board of Dental Examiners requirement for dentists and dental hygienists license renewal on mental health-related issues once every two years.

- Identify and discuss signs and symptoms of burnout and how to know if you are just having a bad day, overstressed or truly experiencing burnout.
- Examine the correlation between stress, depression, substance use disorder, and suicide as it relates to burnout in dentistry.
- Discuss 6 specific "mismatches" in the dental office plus other contributing factors that may be sources of burnout.

SPEAKER: Chad C. Duplantis, DDS, FAGD

Dr. Duplantis received his D.D.S. degree from The University of Texas Health Science Center at San Antonio, Dental School in 1999. He then continued with Post-doctorate training at Baylor College of Dentistry, earning a certificate in Advanced Education in General Dentistry in 2000. He has also received his Fellowship degree from the Academy of General Dentistry.

Dr. Duplantis has been a member of several Aesthetic and Restorative Continuums over the years he has been in practice. He is currently an ambassador for the Seattle Study Club. Dr. Duplantis has always had an interest in "high-tech" dentistry and has been incorporating CAD/CAM and digital technology in his practice since 2004. Dr. Duplantis has written and published several articles regarding digital dentistry and workflows for various dental publications. In addition to technology, Dr. Duplantis has a keen interest in restorative implantology, CBCT, impressing, adhesion and materials, and he is also published in these regards. He has helped various manufacturers on numerous projects and evaluations regarding different aspects of clinical dentistry and serves as a Key Opinion Leader for several dental corporations. Recently, he co-founded "Dentists IN the Know" which is a social media group to help inform and educate dentists and dental team members.

SPEAKER: Lisa G. Marin, DMD, MD

Dr. Lisa G. Marin, obtained her Associates in Dental Hygiene from Macon College and worked for the State of Georgia's Behavior Health Department before going on to complete a Bachelors of Science in Environmental Health at the University of Georgia and a Doctorate of Medicine in Dentistry from The Medical College of Georgia. Following Dental School completed a GPR at Jackson Memorial Hospital and continued to the University of Rochester graduating from medical school and completing OMFS training. Served as Chief of Service for both The Genesee Hospital and Rochester General Hospital before leaving to enter private practice. When she retired, she re-entered private practice 2017, and joined the academic arena. Graduated with certificate degree in Forensic Odontology from the University of Tennessee School of Medicine in 2021. Joined the faculty and staff at Augusta University June 1, 2023. Currently she is Acting Interim Co-Chair of the Department of OMFS and Director of OMFS Pre-doctorate Education

SPEAKER: J. William "Bill" Claytor, DDS

Dr. Bill Claytor graduated from the University of North Carolina (Adams) School of Dentistry and completed a two-year General Practice Residency at the Medical University of South Carolina. He received the Academy of General Dentistry's coveted Fellowship and Mastership (FAGD/MAGD), and most recently the prestigious AGD Lifelong Learning and Service Recognition Award (LLSR). He earned a certificate in Chemical Dependency Counseling from Union College. In addition, Dr. Claytor is a contributor to the textbook: Diagnosis and Treatment Planning In Dentistry, 4th Edition, by Drs. Stefanac and Nesbit (June 2023). He and his wife Lisa enjoy life with their two children, William and Jennifer, and their Jack Russell Terrier, Bailey.
